AND
KNOBS
2022

UNIQUELY DESIGNED. EXCLUSIVELY HÄFELE.

Many talk about designer styles without always naming the designers. For us, names like Addison Weeks, Matthew Quinn, Ken Harroff and Belwith Keeler, mean inspired elegance which you'll only experience through the Häfele Exclusive line of handles, knobs and pulls. Each of these contemporary to transitional pieces has been meticulously crafted to be something new, entirely on trend and can only be had through Häfele.

These inspired pieces from designers based in the U.S. as well as from around the world are sure to be must-have additions to projects in kitchen, furniture, office or practically anywhere else. Matt and brushed gold or black finishes give these pieces a timelessly elegant appeal. This 70+ piece selection is available in a wide variety of lengths to accommodate an extensive range of needs.

LET THE STYLE GUIDE YOU

Style is subjective – it’s never, “one-size-fits-all.” So what you’ll find in Häfele’s 2022 Decorative Hardware catalog are chapters laid out by how we see, understand and know these amazing pieces – handles and knobs which have been selected just for you. While we may say something is Mid-Century Modern or Minimalist, you certainly don’t have to hold to those definitions or let them define your project. Either way, you should know that you’re about to take a fantastic journey in fashion and function for your cabinetry, furniture and other design adventures. The beginning of each chapter will feature Häfele exclusive deco and Häfele globally sourced products. Regardless of your selection, there are no wrong choices here.

BY HÄFELE

Inspiration can come from anywhere. How do we know this? We worked with some of the top designers in the industry to create our Häfele Exclusive range of decorative hardware – transitional to contemporary pieces which will add distinction and style to your cabinetry, furniture and spaces. U.S.-based designers contributing their work to the collection include notable industry names such as Addison Weeks, Matthew Quinn, Ken Harroff and Belwith Keeler. Their efforts help to make up these amazing 70+ handles and knobs.

BY AMEROCK

Amerock’s uncanny ability to foresee and interpret trending designs and finishes has led us to add 220 contemporary, transitional and traditional handles and matching knobs featuring on-trend finishes such as matt black, champagne bronze (gold), satin nickel and polished chrome.

HÄFELE GLOBALLY SOURCED

Supply and demand, meet Häfele. Our group subsidiaries around the world often combine to source decorative hardware so we can obtain the best pricing and materials. Our shared German quality standards ensure the products you receive from us offer finish and design consistency, as indicated by a  symbol.

NEW

Look for this symbol to find the latest additions to our decorative hardware portfolio.

ADA Items with this mark denote a piece of hardware which offers an Americans with Disabilities Act (ADA) friendly-design.

MID-CENTURY MODERN

Eames. Jacobsen. Noguchi. Say the names and mid-century classics such as the egg chair appear. In deco, over-sized deco pulls, saucer knobs, or supple yet subtle curves define clean, asymmetrical statement pieces. Materials include golds, brushed brass and Lucite. The color palette features vivid shades of turquoise, turmeric and orange.

MODERN

Clean lines. Hard angles. Modern design conjures the function-focused unity of the Bauhaus and the simple light colors of the Scandinavian schools. Predominantly neutral yet modern design surprises with a pop of color. In deco finishes, modern style features stainless steel, nickel or black finishes.

URBAN/INDUSTRIAL

Raw. Real. Rebar. Industrial design takes the wabi-sabi approach; it's the rough edges that make things interesting. Industrial brings us smoldering greys and blacks, glass, concrete, bent steel, chapped brick and high ceilings. Metal is a mainstay. Deco adds to the true grit with a welded edge, a "used" look or knurly textures.

ART DECO/GLAM

Old Hollywood panache with notes of bling. Glam style spotlights bright golds and rich velvets in regal jewel tones that contrast with lavish light catchers. Deco pulls are paved with pavé crystals, knobs add a mod accent with glossy chrome while handles radiate the lush warmth of polished gold.

TRANSITIONAL

Just right. Not too fancy. Not too edgy. Transitional style is a masterful blend of classic and modern elements that create a setting neither overwhelmed by a single motif nor the clashing of too many styles. Transitional deco provides a bridge for room updates between remodels.

CONTEMPORARY

Contemporary styles eschew ornate dust-catchers, or a frilly filigree. Pulls are sleek, simple and direct; 90° angles are the norm. Knobs are guileless; rooted in their pure purpose. Contemporary styles continually evolve and currently showcase stone, wood and matt black finishes while material stalwarts include polished nickel and stainless steel.

MINIMALIST

Oasis. Free from the distractions of clutter and busy ornament, minimalist design reveals a room's true character. Materials stress a natural simple state in wood, glass, stone, bamboo, woven grasses or wool. Deco should melt into the background, or is so candid and uncomplicated, it adds to the minimal statement. Integrated profiles that match the drawer and matt finishes complement the look.

ARCHITECTURAL

Formidable. Structural vigor meets cutting-edge engineering. Then add clear sightlines to legends and trending influencers. Architectural deco styles can be commercial grade, often having special properties such as antimicrobial coatings or ADA-friendly knobs and pulls. Materials include corrosion resistant 304 grade stainless steel.

FARMHOUSE

Shiplap. Heirlooms. Dinner bells. Farmhouse style highlights a tangle of whites and weathered woods, where vintage or shabby chic elements such as a floral paper or a fancy rug complement bead board and mullioned windows. Deco features cup pulls or knobs in warm coppers, bronzes, polished nickel and even vintage-style glass.

COASTAL

Breezy with a laid back beat. A palette of blues: ultra-marine, baby, turquoise combine with sandy whites, corals, and dune grass to evoke a relaxed vacation setting. Materials include linens, rope and sea glass. Deco styles include nautical themes, anchors, ropes, shell elements and geometric patterns with polished or brush brass finishes.

RUSTIC

Hideaway. Haven. Off the grid. The rustic style channels the earth; wood, stone, bronze, copper, cast iron, and stone in their raw forms. Finishes enhance the rough textures; hammered, weathered and distressed patinas hone the organic beauty of imperfections.

REVIVAL

Whether it is Greek columns or the Gothic rose window, revival styles continue to add signature elements to many designs. In deco, revival style details include ornate scroll work or the hammered Spanish “clavos” or nail heads. Materials run the gamut from a hand or cast iron to a polished gold filigree.

APPLIANCE PULLS

Herculean. Workhorse. Mighty. Appliance pulls are not just longer handles. These pulls are highly specialized, meticulously crafted to overcome the tight vacuum seals and heavy steel of refrigerator wood panel doors. Quality characteristics of small batch production include: longer casting time, more pressure on the cast and larger screw threads. Secure fit, smooth feel and uniform finish are the stalwarts of good appliance pull design.

HOOKS

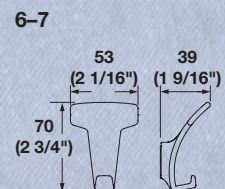

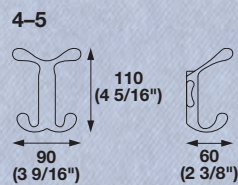

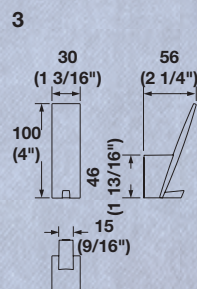

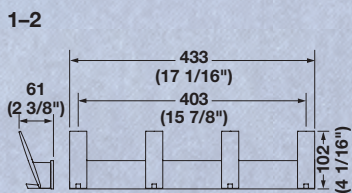

Functional. But with style. Stylish, but decorative too. The range of hooks offered by Häfele includes a wide variety of finishes, styles and capabilities. There's your simple hat and coat hook as well as your more chic hat and coat hook. And then there's a range of decorative hooks which make a statement, but also serve as a sturdy place for your things – all while complementing to your designs. Whether it's one hook that's needed for a specific purpose or place or many to add storage capability throughout a space, we've got you many places for you to hang your hat, scarf, jacket, keys or anything else.

Decorative Hardware Finish Codes

In an effort to ensure customers order and receive the products which best fit their design vision, we have devised a system which seeks to add peace of mind regarding the consistency of fit and finish across our suppliers.

The first three digits of the code denote the finish, the following two letters specify the base material that the item is made from and the final two digits account for the manufacturing facility.

Example: 104ZN26
104 = Pewter
ZN = Zinc
26 = Factory Designation

A NOTE ABOUT SUSTAINABILITY

Häfele America Co. strives to be a good corporate citizen by acknowledging that our actions — from how our products are sourced and manufactured to how we conduct our operations and beyond — have a direct impact on our local surroundings as well as the industries we serve. As part of those efforts our customers may notice fewer available printed copies of this catalog and a push toward digital access for product and technical information. You've already chosen to join us in business. Please also join us now in fostering responsible sustainability.

STANDARD TERMS AND CONDITIONS OF SALE

All purchases from Häfele America Co. are subject to the Terms and Conditions in effect at the time of shipment. Häfele's Terms and Conditions are set forth on its website, www.hafele.com, and are incorporated herein by reference. Should you not have access to the above web site and wish to obtain a printed copy of the Terms and Conditions, please contact your Häfele Sales Representative and a copy will be sent to you.
